

Instructions for TEL TAC OTP Data Logbook

To maximize the usefulness of your TEL TAC OTP Multi-Recall Tachometer, readings should be written down so they can be analyzed and compared to other readings.

To record the readings after a session on the race track, wait until the 5 second Maximum reading, record it in the 'MAX' box, and write the 8 readings that follow it in the 'LO' and 'HI' boxes. You now have a rough graph to help understand the numbers.

The box at the left can show the type of session (hot lap, heat, main) and any notes that might help interpret the data such as lap times, track conditions or other observations.

DATE Jun 14 97	TRACK 99 Speedway	CHASSIS Betsy	ENGINE 357-B	GEAR 7.04
-------------------	----------------------	------------------	-----------------	--------------

EVENT / NOTES	LAP 1				LAP 2				
	Hot Lap 13.79 loose	82 MAX	58 LO	79 HI	60 LO	82 HI	56 LO	80 HI	62 LO
Qualifying 13.94 13.77	84 MAX	37 LO	78 HI	59 LO	81 HI	64 LO	84 HI	61 LO	82 HI
